

# Visiting *Golden Mummies of Egypt*

## A Suggested Visual Schedule

Before we come to the Museum, we need to purchase a ticket in advance. We can purchase our tickets at [bit.ly/GM\\_NCMA](https://bit.ly/GM_NCMA). We can keep in mind that Saturdays and Sundays are the NCMA's busiest days.

1. Now that we have purchased our ticket, we will enter East Building and go downstairs to the exhibition entrance. There we will scan our tickets at a machine, or someone will assist us.

2. As we enter, let's grab a map and a stylus pen to use with the digital interactives.

3. The exhibition is a bit dark, but don't worry! We will follow the yellow arrows on the floor to see all the mummies and artifacts in the cases.

4. Let's make sure we stop at one of the film areas called "Meet the Gods." This is the second film station in the middle of the gallery. Here we will learn about all the interesting gods, and it's a place to sit.

5. Near the end we will stop at the interactive stations. Here we can use our stylus to play games about hieroglyphs and the gods.

6. Finally, as we exit, we can browse the different games and clothing in the Museum's Exhibition Store.

7. If we are hungry, we can also go down one more level to the Exhibition Café, where we can have Egyptian- and Greek-themed food. It is also another great place to sit and take a break.

8. Once finished, we will head safely home after having had a fun day at the NCMA!
